Minuet / Recessed

archlit reserves the right to make changes without prior notice. (01.11.2016)

Minuet is a series of square trimless recessed downlights in aluminum injection. A frame in polycarbonate is flush with ceiling and the diffuser (special for LED sources), will become part of the ceiling. No tooling for servicing the fixture from below. Drivers are remote at a max distance of 100 feet. The standard option for the diffuser is flood illumination, special optics with clear polycarbonate with different aperture reflectors can be specified. In case of service of the lighting modules, they can be removed with no tooling. Drivers are class 2 remote. Dimmable and non dimmable, in 2700 K and 3000K. Once installed in the IC housing, the square can be aligned and fixed in a position by tightening one screw. Damp location certified
